

VILLA GEBA - SPA BY TERRAKE

TERRAKE, a French beauty brand of ultimate well-being, has always been very close to nature in a holistic way. From sensory tonic massage to the latest professional rejuvenation technologies or even through its care products, you will always find the best of nature and research in a TERRAKE treatment.

For the body, TERRAKE has created 4 universes inspired by the birth of the World in order to offer a complete experience of the benefits of nature thanks to the professional treatment protocols practiced in Spa.

BODY TREATMENT

MAGICAL EARTH

In an aerial mineral sensory universe, you will benefit from the force of the heat of the Earth to release all your tensions and find a completely relaxed body.

Deep Earth Basaltic Care

The body is subject to regular muscle tension. This treatment will act directly on the muscle nodes to restore a balance that is both soothing and deep detoxifying. Having a direct impact on nerve contractions, your body is quickly relaxed, you find an ideal muscular and nervous balance

OF AIR AND LIGHT

Surrounded by a very slightly powdery, fresh and very airy olfactory sensoriality, Air and Light is definitely the healthiest way to cut yourself off from the world and take time for yourself. Resolutely Cocooning, it gives you endless resources.

Ultimate Air Wellness Treatment

This particularly de-stressing treatment will offer you a total relaxation, by removing all forms of stress. It's not uncommon to fall asleep during this moment of well-being.

LUXURIANT PLANT LIFE

Vegetal Luxuriant, a purifying universe that will soften your skin in an unequalled way. Thanks to its specific detoxifying identity, the whole body is toned by acting on cell regeneration. Thus rid of impurities, the skin can be deeply hydrated.

Regenerating Anti-Aging Plant Scrub

A very effective anti-aging exfoliating treatment that will allow you to deeply regenerate the skin for a real radiance boost. The skin looks younger and smoother thanks to the movements specifically studied for cell regeneration.

HIGH TECHNOLOGY FACE TREATMENTS

Thanks to its Bipolar Radio-Frequency machine, combined with the latest high-tech biomolecular care HTP-3 BLAST, Terraké offers its guests to benefit from a visible improvement technology for the face and décolleté, for anti-aging treatments, shapely face or to find "good looks" quickly, and much more.

Moisturizing Professional Care

When you have thirsty and dehydrated skin, fine lines start to settle, and the skin feels tight. The Hydra Polarisance Super Hydrating professional treatment protocol from Terraké not only offers a shock treatment for dehydrated skin, but completes it with ultra-nourishing treatments reinforced with HTP-3 BLAST in order to obtain an ideal result. Coupled with the professional radiofrequency machine, the result is even more extreme and quickly allows you to regain regenerated, comfortable and intensely hydrated skin.
